

CH Shyan's Wild Country Dakota OS

"Dakotah"

Dakotah was everything you wanted in a Golden. He was such a sweet boy and he got along with everyone and every dog. He was truly a fantastic, once in a lifetime show dog. All his wins were owner/breeder/handled by myself and he never let down in the ring. Dakotah was a specialty winning dog and had multiple group placements. Dakotah floated around the ring and was a very clean moving dog. He had full dentition, a scissor bite and beautiful rock solid top line. He had beautiful tail carriage and plenty of substance with a pleasing, masculine headpiece.

Dakotah comes from a litter of 3 champions, in which his sister Chyna had the honor of going into the SDHF. Dakotah became an Outstanding Sire with many multi-titled kids. His legacy is living on through his kids and grandkids.

Dakotah is available at stud to approved bitches with frozen semen.
