

Quest' N' Shyan Special Edition OS

“Rourke”

Rourke had 13 points with 1 major. Unfortunately he had a spinal injury that kept him from finishing his Championship. It certainly didn't keep him from becoming an Outstanding Sire. He was a very correct dog with lovely angles, very clean movement coming and going, and correct tail carriage along with a rock solid top line. Rourke was a substantial boy with beautiful scissor bite and full dentition. His headpiece was very strong yet with a soft expression that would melt your heart. He was such a sweet boy and I often had breeders that used him say those kids of his had the best temperament they have ever produced.

Rourke is available at stud to approved bitches with frozen semen.
